

School District of Melrose-Mindoro

**Nonresident Open Enrollment Policy**

A nonresident student may apply for full-time enrollment in the Melrose-Mindoro School District under the open enrollment program. Applications may be completed online using the DPI's online system or by completing the DPI's paper application forms and submitting the paper application to the nonresident school district administrator's office. Upon receipt of any paper copy of a nonresident student's application to attend a school or program in the District, office staff shall affix a date stamp (or a written and initialed date) to the application and forward the application to the Open Enrollment Coordinator for review and processing.

The District shall consider and apply the following criteria when deciding whether or not to accept (or, in some situations, revoke acceptance of) a nonresident student's application for full time open enrollment:

1. **Space Availability and Waiting Lists**

The District shall consider the availability of space in the schools, programs, classes or grades within the District. When determining space availability, consideration may be given to desired class size limits, desired student-teacher ratios, overall building capacity, future enrollment projections, the projected number of sections of particular grades or courses, desired program-size limitations, and known or projected limitations on available staffing and other resources. Based upon a review of the relevant considerations, the Board may annually establish, at a Board meeting held in January, space limitations applicable to nonresident open enrollment at the Board's discretion in light of its assessment of the relevant factors that no space limitations are needed in certain other grades/programs/services. Beginning in the 2016-17 school year, the Board will not set space limitations.

If the Board sets space limitations and the District receives more student applications during the regular application period for full-time enrollment than there are spaces available, the District shall determine which students to accept on a random basis, subject to the following exceptions and preferences:

- a. The District grants a guarantee of approval under the space availability criteria to the following applicants during the regular application period:
  - (1) Students who are currently enrolled in and attending school in the District (excluding part-time attendance by a student who is enrolled in another public school district, a private school, a tribal school or home-based private educational program).
  - (2) The sibling of any student who is currently attending school in the District (excluding part-time attendance by a student who is enrolled in another public school district a private school, a tribal school or home-based private education program).
- b. As individual applications are selected and considered within the random selection process, the District grants preferential consideration to certain sibling-applicants as

required by DPI rule. Specifically, if the District determines during the random selection process that there is space available to accept the individual student whose application is under immediate consideration, then the District shall give immediate consideration to the application(s) of any remaining sibling-applicants in the same family who applied for open enrollment at the same time. The application of any sibling who is entitled to preferential consideration under this paragraph shall be denied if there is no remaining space in such sibling's grade and/or in any special education program or service that may be required for the sibling.

### Waiting Lists for Acceptance of Open Enrollment Applications into the District

- a. The District does not create or administer waiting lists for applications received during the regular application period that are initially denied due to space limitations.
- b. The District does not administer waiting lists for current-year open enrollment applications submitted by nonresident students under the alternative application procedure.
- c. The District does not create or administer waiting lists for the assignment of accepted open enrollment applicants to specific schools/programs for which the applicant has expressed a preference.

### 2. Students with Disabilities

If the special education or related services required for a student with a disability are not available in the District then the application shall be denied.

In any instance where an application is submitted by a student with a disability but there is no current IEP available for the student, the District will use the procedures defined in DPI's administrative rules to determine whether the District has the appropriate special education program or space.

If a nonresident student received his/her initial individualized education program (IEP) while attending the District under open enrollment, or if a nonresident student's IEP changes after the student begins attending the school in the District, or if the District has approved an application for a student without an IEP and it is subsequently determined that the student is a child with a disability for whom there is either a record of a previous special education evaluation or a prior IEP based upon such evaluation then the student may be returned to his/her resident district if the District determines either that the special education or related services required for the student are not available in the District.

### 3. Students Referred for a Special Education Evaluation

An open enrollment application shall be denied if the nonresident student has been referred or identified as having a possible disability but has not yet been evaluated by an IEP team in the resident district. To the extent permitted by DPI, and assuming other acceptance criteria are and continue to be met, a student's parent or guardian may request that the District reconsider a denial under this criteria if the IEP (or finding of no disability) is forwarded to and reviewed by the District by the conclusion of the regular

open enrollment deadline and if the District concludes that such reconsideration would not be prejudicial to any other applicant.

4. **Discipline-Related Criteria**

- a. The term of an applicant's expulsion overlaps with the proposed period of open enrollment. Consistent with state law authority, the District shall deny the application and prohibit the enrollment of any student whose term of expulsion (for any lawful reason and regardless of when the expulsion occurs) from any public school, independent charter school in Wisconsin, or out-of-state public school overlaps with the proposed period of open enrollment.
- b. The term of an applicant's recent expulsion from school does not overlap with the proposed period of open enrollment. The District may deny an application for full-time open enrollment in the District if a review of the student's disciplinary records indicates the student-applicant has been expelled by any Wisconsin school district at any time during the current school year or preceding two school years for conduct falling in any of the four specific categories listed in the open enrollment statutes.
- c. Disciplinary matters that are pending or that become pending while the application is under consideration. Subject to the limited exception defined in paragraph 4-e, below, if any disciplinary proceeding involving alleged conduct falling in any of the four specific categories listed in the open enrollment statutes is pending at the time the District notifies the student of his/her application status, the District shall deny the application.
- d. Applicants must continue to meet discipline-related approval criteria after initial acceptance. The District shall revoke the prior acceptance of an open enrollment application if the District determines that student is, in fact, subject to a current expulsion order that would have disqualified the student's application under paragraph 4-a, above. In addition, subject to the limited exception defined in paragraph 4-e, below, the District shall revoke the prior acceptance of an open enrollment application if, at any time prior to the beginning of the school year in which the student will first attend school in the District, the District determines that the student either has been expelled or become subject to a pending disciplinary proceeding, as described in either paragraph 4-b or paragraph 4-c of this policy, above.
- e. Limited Exception. In situations where a student's application was denied (including as a result of the revocation of an initial acceptance) due to a pending disciplinary matter, the District, upon the written request of the student's parent or guardian, will reconsider the status of the student's application if both the following conditions are satisfied: (1) by July 1 of the current year the District is able to determine that the prior pending disciplinary matter has been concluded in favor of the student; and (2) the District concludes that considering possible acceptance of the application would not be prejudicial to any other applicant.

5. **Truancy-Related Criteria**

- a. Pursuant to the District's applicable truancy and attendance policies, if the District determines that a nonresident student attending school in the District under the open enrollment program is habitually truant from school during either semester in a given school year, the District may prohibit the student from continuing to attend school in the District as an open enrollment student in the succeeding semester or

school year. Under no circumstances shall any student have their open enrollment terminated under this paragraph unless the District has clear documentation that (1) the parent or guardian or student knew or should have known that the student's open enrollment could be terminated for habitual truancy; and (2) the student had at least one notice and opportunity to correct the truant behavior before being found to be habitually truant or before terminating the open enrollment.

6. **'Best Interests' Determinations under the Alternative Open Enrollment Application Criteria and Procedures**

If a parent or guardian applies for open enrollment under the alternative open enrollment application criteria and procedures and relies on the 'best interests of the student' criteria, the District shall review the information and rationale provided by the parent(s) or guardian and make a determination as to whether the District agrees with the parent(s) or guardian that attending school in the District pursuant to the application is in the student's best interests. If the District determines that attendance would not be in the student's best interests, the application shall be denied on that basis.

A full-time open enrollment application can also be denied if the nonresident student is ineligible for open enrollment under state law (e.g., the student does not meet the age requirements for school attendance or for early admission, the resident district does not have a 4-year old kindergarten program as offered by the District, etc.) or the application is determined to be invalid (e.g., the application is incomplete, untimely, or in excess of the number of allowable applications).

Assignment of Accepted Applicants to a School/Program.

The district shall assign nonresident students accepted for full-time open enrollment to a school or program. Any preferences identified by the applicant cannot be guaranteed. In making such assignments, the District may give preference in attendance at a particular school or program to residents of the District. Any admission requirements and pre-requisites for attendance in any specialized school or program that apply to resident students also apply to nonresident students. In addition any nonresident open enrollment student must meet the in-person/physical attendance requirements established by law.

Requests for Early Admission to Kindergarten.

The District does not evaluate a nonresident open enrollment applicant for possible early admission to 4-year old kindergarten.

The District may grant a parent's or guardian's request to evaluate a nonresident open enrollment applicant for early admission to 5-year old kindergarten. The parent or guardian may make a request for an evaluation for early admission by contacting the 4K-8<sup>th</sup> Grade Principal or School Psychologist as soon as possible after submitting an open enrollment application.

Re-application

Once a nonresident student is accepted for full-time open enrollment in the District and begins attending school in the District, no re-application is required in order for the student to maintain continuous open enrollment.

### Transportation

Student transportation and costs thereof shall be the responsibility of the nonresident student's parent(s) or guardian, subject to the following exceptions:

1. Low income parents and guardians may apply to the DPI for reimbursement of costs of transportation in accordance with DPI's procedures.
2. The District shall provide transportation for a nonresident open enrollment student with a disability who is attending school in the District if it is required in the student's IEP or otherwise required by law.
3. Upon request of the student's parents or guardian, the District shall provide transportation to nonresident full-time open enrollment students without charging any fee if there is room available on a bus on a regular route and the student is picked up or dropped off at a bus stop on the established route, except that if the bus stop on the established route is located within the boundaries of the student's resident school district, the resident school district must also approve the transportation arrangements.

### Rights and Privileges

To the extent required by state law, nonresident open enrollment students attending school in the District shall have all of the rights and privileges of similarly-situated resident students and shall be subject to the same rules and regulations as resident students. An open enrollment student's eligibility to participate in interscholastic athletic activities is subject to the rules and regulations of the Wisconsin Interscholastic Athletic Association (WIAA).

### Resident Open Enrollment Students

Resident students may apply for full-time open enrollment in another public school district in accordance with state law. An application may be denied if the resident student is ineligible for open enrollment under state law (e.g., the student does not meet the age requirements for school attendance or for early admission, the District does not have the same prekindergarten, 4-year-old kindergarten or early childhood program offered by the nonresident district, etc.), or the application is determined to be invalid (e.g., the application is incomplete, untimely, or in excess of the number of allowable applications).

If the student has applied for open enrollment under the alternative open enrollment application criteria and procedures authorized by law, the District shall deny the student's open enrollment if the District determines that none of the criteria relied on by the student to submit the application apply to the student. However, prior to denying an alternative application on the basis that the parent or guardian did not provide enough information to allow the District to assess whether the student has been the victim of repeated bullying or whether open enrollment would be in the best interests of the student, the District shall offer the parent or guardian an opportunity to provide additional information.

Transportation. The parent(s) or guardian of a resident open enrollment student shall be responsible for student transportation, except as otherwise provided by law. Requests from other school districts to provide optional transportation to resident open enrollment students to/from locations within the boundaries of the District may be denied.

Appeals of Open Enrollment Decision

The student's parent(s) or guardian may appeal a District decision regarding full-time open enrollment to the DPI by following the deadlines and other procedures established by the DPI except as otherwise specifically provided under state law or under DPI rules.
