

# September News

Ms. Hiben's Kindergarten Class

September 4, 2015

## What We Are Learning

**Reading:** Five Senses – My Five Senses by Alikei, creating Mr. Potato Heads using the parts of our bodies for our senses, Look Here! By Sally Hewitt, color/shape bingo, Smell It! By Sally Hewitt

**Math:** Counting – multisensory counts, How Many Letters are in Your Name graph?

**Writing:** Name writing – working on correct pencil grip as well as spelling names correctly

**Science/Social Studies:** School routines and rules

**\*\*Introduction to PBIS – Positive Behavior Intervention System\*\***

## Upcoming Events

AIMS web testing: September 8<sup>th</sup> – 18<sup>th</sup> all students will be tested in reading and math. Reading will include naming alphabet letters and sounds. The math portion will consist of counting, identifying numbers, quantity (which number is bigger), and missing numbers. Results will be shared at parent-teacher conferences in October.

## Notes

I am sending home information on Zoophonics. Please read the parent letter explaining the program and review the animal signals/sounds on the back. Use the grid (attached to note) to practice naming and sounding each letter everyday! Make it fun! Learning the alphabet is the first step to becoming a great reader. Thanks for your support!
